

1st Waterloo Scouting

Camp Mohawk

GPS: 43.486252,-80.473952

Directions

- Take highway # 85 to University Ave.
- Get off at University Ave and drive up to Bridge St.
- Turn right at Bridge St. to the roundabout at Lancaster St.
- Turn left (or whatever it is one does to exit a roundabout to the left) onto Carisbrook Dr.
- Proceed up Carisbrook Dr. to the end. The road is very rough and there are many potholes; please drive slowly and carefully. Do not mind the “No Trespassing” signs – it is a private road but because you are there on Scouts business you have a right to be there.
- As you drive up Carisbrook Dr., watch for a green VW bus parked at a house on your left. About 250m after that, you will see the camp gate on your right. It’s pretty much at the end of the road.
- Proceed through the gate and down the hill and look for the Troop leaders in the field at the bottom of the hill.

- Due to concerns about the steep, one-lane road into the camp, some parents choose to drop their Scouts at the camp gate and allow them to walk down. Likewise, some parents ask that their Scouts walk back up the hill at the end of the meeting. This is fine, although we do appreciate a phone call to let us know this is going on. We also ask that you not park up at the top of the hill, as it upsets the local residents. So parents, if you wish to come into the camp, we ask that you please drive down.
